Assets attracting prestigious tenants

First-half 2025 saw the arrival of prestigious tenants at Rives de Bercy. Following on from the arrival of Air Liquide in 2024, BPCE Group will soon be moving into 15,500 sq.m of space at the property, representing 50% of its surface area. The bank's return to the fully renovated campus is one of the largest transactions of the period in Greater Paris.

The Company's asset management teams are also working alongside Paris-Dauphine University – PSL as it prepares to bring the Dauphine Executive Education program to the Europlaza tower, in the heart of Europe's leading business district, starting from the fourth quarter of 2025.

With these leases signed with renowned tenants, Vitura continues to demonstrate its ability to meet the needs of international groups for medium and large surface areas, with buildings that respond to latest trends such as direct access to low-impact mobility solutions and private gardens.

Since 2017, leases have been extended or renewed on 75% of leased space, testifying to tenant satisfaction and loyalty.

The asset repositioning strategy is reaping its rewards. Vitura boasts an occupancy rate of over 77%, up 8 points compared with December 31, 2024, with the average remaining lease term extended to almost six years.

A determined CSR policy

Vitura remains committed to achieving carbon neutrality by 2050, with rigorous management of energy consumption in line with the objectives of France's tertiary green energy decree. Through energy efficiency plans drawn up for each building in the portfolio, Vitura continues to track the data collected and to raise awareness and train stakeholders in energy issues.

First-half 2025 results

Rental income totaled €21.9 million in the first half of 2025, stable compared to €21.8 million a year earlier.

IFRS consolidated net debt came to €597 million at June 30, 2025, with an average loan-to-value ratio of 68.4%. Discussions are underway with Hanami's banking pool to extend the maturity of the debt of €90 million (representing 15% of Group debt).

The Group is maintaining its policy to hedge against changes in the Euribor using interest rate hedging instruments. At June 30, 2025, 85% of debt was hedged at a rate of 0.50%, keeping financial expenses under control.

EPRA earnings represented €1.9 million at June 30, 2025 vs. €0.4 million at June 30, 2024 on a like-for-like basis (excluding the companies holding the Passy Kennedy and Office Kennedy assets, which were deconsolidated in July 2024). This €1.5 million increase is mainly due to growth in operating income.

The estimated portfolio value (excluding transfer duties) was €872 million, stable compared with December 31, 2024.

The net loss under IFRS was €11.0 million in first-half 2025, compared with a net loss of €45.2 million in first-half 2024 like for like. This improvement is mainly due to the value of investment properties remaining stable in 2025 so far compared with a decrease over 2024.

EPRA NTA stood at €277 million, or €16.2 per share, stable compared to the prior-year period.

The Statutory Auditors' review report is under way.
